Variable Rate of Return Investments Table

This table looks at the rates of return from investments that increase and decrease in value. The table shows how these investments have performed over time. You can compare each investment option to a benchmark. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an investment option's principal risks is available on the Web site listed above.

~ Gross Total Annual Operating Expenses are the gross fees potentially charged to the investment option and are displayed above in accordance with fee disclosure regulations. The Net Total Annual Operating Expenses, also displayed above as supplementary information, are the actual amounts charged by the investment option and may be different from the Gross Expenses due to certain fee waivers or additional expenses charged by other service providers. Expenses reduce the return of the investment option. Part of these fees may be shared with the plan's service providers to help pay for plan administration and/or recordkeeping fees. Part of these fees may be shared with the plan's service providers and, under an agreement with the applicable plan fiduciaries, may be used to help pay for plan administration and/or recordkeeping fees. The plan's fiduciaries may make changes to the plan's investments at any time subject to applicable notice requirements. Please see the participant website for more information.

** A benchmark index is not actively managed. It does not have a defined investment objective and does not incur fees or expenses. You cannot invest directly in a benchmark index.

General Administrative Services Expenses Table

This table shows expenses that pay for operating the Plan. These expenses are described below. How the expenses are charged to participant accounts will depend on the nature of the expense. For example, some fees may be charged as a fixed dollar amount per participant or as a percentage amount spread across the account balances. Blank fields in the table can be assumed to be not applicable or zero.

3 – Plan-Related Information

Plan-Related Information is an explanation of general plan information. It includes a description of non-investment management fees and expenses that may be charged to your account. This section also includes a list of the Participant Elected Services Expenses.

General Information

Non-Investment Management Fees and Expenses: Includes recordkeeping, accounting, legal or other administrative fees that may be charged to your account. The dollar amount actually charged to your account during the previous quarter for such administrative or individual expenses will be reported to you on your quarterly statement. If you have additional questions related to fees on your account, please contact the Voice Response System or your Plan Administrator.

Investment Instructions: Your plan lets you direct the investment of your account in the investment options listed in Section 1. You may make changes to your investment options via the plan's Web site or by calling the Voice Response System.

Limitations on Investments: Limits on making changes to your investment choices may be imposed by the Plan Administrator or by a manager of an investment option. Any limits or restrictions made by a fund manager are described in the prospectus for the fund. They include restrictions intended to prevent “market timing” (i.e., rapid trading in and out of a fund). If these restrictions apply then they will be listed in Section 2. In addition to the limits and restrictions described in the prospectus, the Plan Administrator may have other restrictions on making changes to your investment choices. If the Plan Administrator has additional limits, they will be described in a separate document that will be provided to you by your Plan Administrator.

Voting, Tender, and Similar Rights: The appropriate Plan fiduciaries, or an individual or an institution designated by the Plan fiduciaries, will exercise any voting or other rights associated with ownership of the Designated Investment Alternatives offered in your Plan.

Your plan uses the following designated investment manager(s): Mary Draayer, RSM US Wealth Management LLC
